

Virginia Department of Environmental Quality
Public Notice

Requests for Comments

Citizens may comment during the public comment period or at a public hearing on a draft permit for an air pollution source in Brunswick County, Virginia

PUBLIC COMMENT PERIOD: August 9, 2006 to September 27, 2006

PUBLIC HEARING: Brunswick County Administrative Office Board Room at 102 Tobacco Street, Lawrenceville, Virginia, on September 12, 2006 from 3:30 p.m. to 5:30 p.m.

INFORMATION BRIEFING: Brunswick County Administrative Office Board Room at 102 Tobacco Street, Lawrenceville, Virginia, on September 12, 2006 from 3:00 p.m. to 3:30 p.m.

PERMIT NAME: State Major Source – New Construction Permit

Anyone intending to construct or modify a source of air emissions must obtain a permit from the Department of Environmental Quality, under the authority of the Air Pollution Control Board.

PURPOSE OF NOTICE: To invite the public to comment on the draft permit and announce a public hearing/information briefing that will be followed by an additional 15 day public comment period.

NAME OF PERMIT APPLICANT:

INGENCO Wholesale Power, LLC
Registration No.: **52154**
16024 Governor Harrison Parkway
Lawrenceville, Virginia 23868

PROJECT DESCRIPTION: INGENCO has applied for a new construction permit. The INGENCO Brunswick facility will produce electrical power from landfill gas from the Brunswick Landfill. This landfill gas is normally combusted in open flares located on the Brunswick Landfill site and this electrical power generation is considered a beneficial use of the energy. The maximum annual emissions of air pollutants from the proposed facility is 240.0 tons per year NO₂; 240.0 tons per year CO; 115.9 tons per year PM & PM-10; 30.7 tons per year SO₂ and 154.5 tons per year VOC from the 24 diesel generators. The technology that will be used to control the air pollution from the facility includes the original equipment manufacturer's "good combustion practices." The estimated effect on air quality near the facility from the proposed project is to limit emissions below the Prevention of Significant Deterioration (PSD) major source threshold.

HOW A DECISION IS MADE: After public comments have been considered, DEQ will make the final decision unless the Air Pollution Control Board considers the permit. The board may consider the permit if the pollution source generates public concern or is precedent setting.

HOW TO COMMENT: DEQ accepts comments by e-mail, fax or postal mail. All comments must include the name, address and telephone number of the person commenting and be received by DEQ within the comment period. DEQ also accepts written and oral comments at public hearings.

TO REVIEW THE DRAFT PERMIT AND APPLICATION: The public may review the documents at the DEQ Piedmont Regional Office every work day by appointment. The draft permit is also available on the DEQ web site at www.deq.virginia.gov/info/publicnotices.html.

CONTACT FOR PUBLIC COMMENTS, DOCUMENT REQUESTS AND INFORMATION:

Name: Mr. "Sparky" H.L. Lisle, Jr

Address: DEQ Piedmont Regional Office, 4949A Cox Road, Glen Allen, Virginia 23060
